Each antler piece is a one-of-a-kind and exact sizes vary. We select the sizes based on recommended breed size (ex: medium antlers for medium sized dogs). For power chewers, we recommend sizing up to a larger size. Sizes are marked by colored elastic bands, tiny antlers come packaged in a hang-bag. Our antlers are untreated. Since these are natural, unaltered products, we have chosen NOT to offer labels to keep the prices down.

Split antlers (cut lengthwise to expose the center) are available by request.
